

CRUSHERS & DESTEMMERS

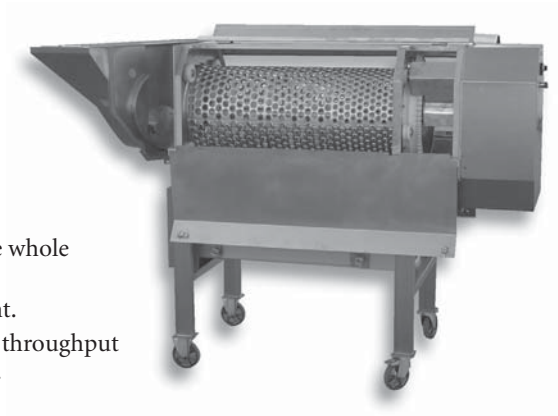

Milani

MILANI - ANTARES

This machine is made for a softer and more delicate destemming operation with ease of maintenance in mind. Constructed from stainless steel.

Includes:

- Cage covers flip open for ease of cleaning.
- Input hopper can be opened for ease of cleaning.
- In-feed auger in hopper.
- Picking fingers either in stainless with rubber tips or UHMW.
- Food grade rollers for crushing action.
- Adjustable crushing rollers.
- A bypass system on crusher rollers to eliminate all crushing and receive whole berries.
- Variable speed drive on the destemming shaft for easy speed adjustment.
- Multi-sized holes in basket starting from large to small. This allows for throughput of different sized berries and less broken stems in the finished product.

Options include:

- Rapid-Drum-Approach(RDA) system to adjust distance between fingers and drum cage.
- Assist in leaf removal (models 150 and larger).
- Optional discharge pumps and hoppers.

MODEL	PRODUCTION / HOUR	SIZE (LENGTH X WIDTH X HEIGHT)
70	5 – 6 Ton	7'2" x 2'4" x 4'8"
150	12 Ton	8'7" x 2'9" x 5'9"
200	20 Ton	8'11" x 3'3" x 6'7"
300	30 Ton	9'6" x 3'9" x 7'5"
500	50 Ton	10'8" x 4'3" x 7'11"
600	60 Ton	12'1" x 4'11" x 8'8"

FILTERS
